

Over 50% pvt med college seats vacant

New Delhi: Deemed universities and private colleges across the country are staring at a huge crisis of unfilled undergraduate medical seats under the new system of centralised counselling int-

Cap on prices of med devices soon?

The government has circulated a draft national medical devices policy that could bring most medical devices within the ambit of price regulation. **P 9**

roduced on the Supreme Court's orders this year, **reports Manash Gohain.**

As the third round of counselling ends on Thursday, over 50% of MBBS seats and 84% of dental seats in the institutes are vacant. The final mop-up of vacant seats is scheduled for August 28.
